

DEC 3-6, 2018 LIPS2018 - LEAN IN PUBLIC SECTOR

The 4-day event includes a combination of hands-on training in Lean Fundamentals and Lean Government Framework, presentations, case studies, experiential learning simulations and discussion by internationally renowned Lean industry leaders.

Applying Lean thinking and Lean production to the public sector aims to provide value for the government. In addition, it aims to improve efficiency and delivery of value for money, while focusing on eliminating waste and improving the reliability of workflow.

The conference will bring together case examples from around the world.

Keynote Speakers include some of the top-leading Lean worldwide experts:

Glenn Ballard: Co-founder of LCI, Project Production Systems Laboratory, University of California Berkeley

Michael Bade: Associate Vice Chancellor - Capital Programs, University of California San Francisco.

Renee Smith: Director of Workplace Transformation, State of Washington

Howard W. Ashcraft: Partner, HansonBridgett. Adjunct Professor in Civil and Environ. Eng. at Stanford University

Tariq Abdelhamid: Chief Lean Performance Officer, Associate Professor of Lean Construction, Michigan State University
